

Pequaywan Township Property Owner Directory Information

One of our *FireWise Hazard Mitigation* goals is to make sure there is an accurate directory of property owners and addresses in our township.

This will not only help neighbors to contact neighbors in the case of an emergency, but also help in response time for our Fire Department/First Responders, fire departments from neighboring townships such as Brimson and NorthStar who are not as familiar with our area, and, in case of a major wild fire, Forest Service fire fighters.

We are asking for your email address so we can add you to the mailing list for electronic notices on *FireWise* and the *Pequaywan Lakes Association* news.
